

Anabolic Steroids, Scr/Confirm/Validity, Urine

Order Name: **Steroid Sc/Cnf U**  
Test Number: 5194845  
Revision Date: 12/12/2022

TEST NAME	METHODOLOGY	LOINC CODE
Anabolic Steroids, Scr/Confirm/Validity, Urine	Quantitative Gas Chromatography-Mass Spectrometry	

SPECIMEN REQUIREMENTS				
Specimen	Specimen Volume (min)	Specimen Type	Specimen Container	Transport Environment
Instructions	<p><b>Specimen Type:</b> Plastic urine container without preservative</p> <p><b>Specimen Storage:</b> Refrigerate; specimen may also be frozen. Specimen is stable for two weeks refrigerated, and two months frozen.</p> <p><b>Specimen Collection:</b> Not Available</p> <p><b>Special Instructions:</b> Testing referred to MEDTOX Laboratories, Inc. MX#24601</p> <p><b>Specimen Stability:</b> Ambient: Not Available, Refrigerated : Not Available, Frozen: Not Available</p>			

GENERAL INFORMATION	
Clinical Use	Initial presumptive testing by gas chromatography/mass spectrometry (GC/MS); presumptive positives are confirmed by definitive chromatography with mass spectrometry (GC/MS or LC/MS-MS)
Performing Labcorp Test Code	791200
Notes	Labcorp Test Code: 791200
CPT Code(s)	80307
Lab Section	Reference Lab
